## WORK EXPERIENCE

### IHS Markit (now part of S&P Global) - Senior Designer

Lead the design effort on a cross-functional team of designers, product owners, business development, and tech to create achievable, forward thinking products.

July 2016 - January 2023

### Markit On Demand - Designer

Worked with some of the top companies in the financial services industry, designing content management, financial research, and trader tools for desktop and mobile experiences.

June 2011 to July 2016

### ElectroRent -Contract Designer

Created promotional emails and brochures for a variety of equipment lines.

May 2011 to August 2012

### RMCAD Wood Shop Safety Technician

Assisted students with sculpture and design problems and ensured safety of shop users.

October 2008 to April 2011

### Metropolitan State College IT Department

Taught training courses to employees of the Metro State campus. I also problem solved and fixed minor issues on computers around campus.

September 2007 to May 2008
